

The
**Community
Health Worker
Initiative**
of Boston

Building better jobs and healthier communities

Mission

To enable community health workers access to education and skills training leading to sustainable jobs, living wages and career pathways, while promoting policies that ensure appropriate employer funding to achieve these goals.

The Pathway to College

Career Coaching Program

Community-Based Training Certificate

Prior Learning Credit for Certificate and Work Experience

Community College 1 Year Certificate in Human Services
with Concentration in Community Health Work

Community College Associate Degree in Human Services
with Concentration in Community Health Work

University Bachelor Degree in Human Services with
Concentration in Community Health Work

Career Coaching Program

- One-on-one, personalized
- Assistance in achieving goals
- Assistance addressing barriers
- Supportive cheerleader/Relentless drill sergeant

Community-Based Training Certificate

- Job focused
- Familiar, friendly environment
- Not “academic” or “school”
- Caters to the nontraditional adult learner
- Employer provides release time
- Free

Prior Learning for Certificate and Work Experience

- Portfolio based, not a test
- Recognizes the existing talents of the student
- Gives student confidence and sense of “head start”
- Reduced cost

College Degrees

- All credits transfer from Certificate to Associates to Bachelors
- Allows for incremental goal setting
- Provides career applicability, while not being too specific
